- Programs
- Special Notes

The following is a quote from a personal eulogy given by a past member of the Apex Rotary Club for a deceased member at gravesite. A concept by which we members should all abide.

"For those of us who remain, and especially for our fellow Rotarians, we should always be mindful of this life well lived, a life of service above self, a life in which service to God, service to country and service to family was an unending mantra. Would that we all live such a life!"

### ANNOUNCEMENTS & REMINDERS

**Special Note from the Editor on Announcements:** My job is to take all the information provided to me and create a readable Newsletter. I am not an educated Journalist nor, at my age, can I count on my short term memory to catch every item of interest, especially when most are made without the microphone (that's a dig!). I have asked before, in writing, for Officers, Committee members and the general membership that any and all announcements or new programs be emailed to me prior to Saturday of each week. That worked for a week and then it was back to zero. I would appreciate your cooperation in helping me to create a professional and informative Newsletter. My **NEW** email address, as per my previous email to the membership, is [velsorb@gmail.com](mailto:velsorb@gmail.com). This will be the only email address to use. Thanks for your consideration, Bruce V.

**July 26 Take A Kid To The Ballgame** at the Carolina Mudcats' new ballpark in Zebulon. Anybody can go, but it is a Community Services project. Show-up time is 3:00 p.m. with the game starting at 6:30 p.m.

Programs

~~~~~

**Guatemala School Book Donation Program:**

*Colegio de HOPE Guatemala* is a private ,non- profit school that serves the children of Le Linea Ferreo (steel line). The children do not pay to attend the school however, it may cost their family the wages that the children could be earning if not in school. They are truly impoverished. The generosity of the Apex Rotary membership has touched the lives of at least 230 children and their families. By attaining some education, the children may escape the poverty in which they were born. If you have ever wondered if your actions matter, this project is proof that you do make a difference! Your compassion and generosity will serve the people of Guatemala for years to come. On behalf of the children of Le Linea Ferreo, they send their love and gratitude.

For those interested in participating to help the "Colegio de HOPE" children, contact Howard Malinski. For additional information online, visit [w www.hopewwguatemala.blogspot.com](http://www.hopewwguatemala.blogspot.com) .

**Special Notes**

~~~~~

Using the Microphone: Whenever you are speaking to the Club, whether it be as a speaker, making announcements or any other address to the Club, please come forward and use the microphone. Not only are there hearing impaired members, there is the problem with the Restaurant's kitchen fans blasting away so that the tables near the kitchen miss half or more of what you will say. Some of you feel you have loud voices. What you do not know is that when you start off, it's fine but as you go on, your voice gets lower and softer. You don't hear it but we do. Thanks for your cooperation.
