The following is a quote from a personal eulogy given by a past member of the Apex Rotary Club for a deceased member at gravesite. A concept by which we members should all abide.

"For those of us who remain, and especially for our fellow Rotarians, we should always be mindful of this life well lived, a life of service above self, a life in which service to God, service to country and service to family was an unending mantra. Would that we all live such a life!"

WWCM was founded in 1983 by a small group of churches and community members interested in coordinating aid to our neighbors in need in Apex, Holly Springs (NC) and surrounding areas. They continue to be a shared Ministry of our local churches, towns, businesses, civic groups and individuals. Their mission is to provide a helping hand to the Apex & Holly Springs (NC) community - in the form of food or crisis financial aid - to those

in the community whose ability to sustain independent living is threatened by unexpected circumstances: illness, car or home repairs, decrease in wages, etc. WWCM helps neighbors in need solely through community donations.
