Guest Speakers

SHIELD NC

Shield NC representatives provided us education for how to recognize and report human trafficking.

Shield NC believes ending Human Trafficking begins with everyone doing their part to shield their community. Shield's goal is to equip individuals to know the signs they may see during an ordinary day and to know how to best respond.

DESIGNED FOR JOY

Karen Woomer spoke to our club about Design for Joy. It's a non-profit that provides work training and experience to help women in crisis circumstances.

Designed For Joy provides women in crisis with stability through immediate employment and support, removing the stigma of vulnerability.

To date, they have hired over 140 women with over \$500,000 in living wages earned.
